Moved by S. Eberwein, Seconded by M. Germann to approve the meeting minutes of September 19, 2018. Motion unanimously approved.

SUMMARY OF AGENDA

Driftwood Suites - 2754 Niagara Falls Blvd – Site Plan Review. Reviewed the Site Plan for the construction of a 20 unit hotel with parking. Additionally, an indoor pool to be constructed on the end of an adjacent building that is associated with the property owner's hotel complex of buildings. Newly provided documents and changes to the plans were reviewed and outstanding conditions discussed. Much of the discussions revolved around the applicant obtaining an address for the property and making sure it is registered with all appropriate government entities. Also the buildings on 2760 and the new property that share an access road are going to be differentiated by letter designation (A,B,C, etc...) on the site drawings and physically by sign both on the buildings and at Niagara Falls Boulevard. This is to facilitate actions by emergency responders if they are needed.

Action: Motion made by S. Eberwein and Seconded by M. Germann: In accordance with the SEQR requirements, the Planning Board has reviewed Part 1 of the EAF and information submitted by the applicant, completed Part 2, and evaluated the impacts in Part 3 and have determined that the proposed Driftwood Hotel Project at 2760 Niagara Falls Boulevard will not have any significant adverse impact on the environment and therefore issues a Negative Declaration. The Planning Board authorizes the Chairman to sign the EAF which will act as the Negative Declaration.

Voting Results: Yeas: Garrow, Germann, Eberwein, Polek, Proefrock. Nays: none. Abstentions: none. Motion carried
