New Home Request for Recycling Bin

Note to resident: Please complete this form, then mail it to or bring it to:

Town of Wheatfield Water Dept
3113 Niagara Falls Blvd
North Tonawanda, NY 14120

Resident Information

Name: _____ Date: _____
Address: _____
Phone: _____ Zipcode: _____

Information for Resident

Note to resident: The policy for the Town of Wheatfield is to initially issue a 64 gallon (medium) recycling bin. Please use this Bin size for at least 60 days. If the 64 gallon size does not fit your needs, please complete the "Recycle Bin Change" form to: (1) upgrade the bin size to a 96 gallon, (2) request an additional bin or (3) downgrade to a 35 gallon bin.

The Recycle Bin Change form can be found at the Town's website. The website is: www.wheatfield.ny.us. Search under Forms, scroll to R, find Recycle Bin Change form. You can also call the Water Dept at 693-4262 and request that a "Recycle Bin Change" form be mailed to you.

Other Notes: In the event that a recycling bin is reported lost or stolen, the Town should be contacted at 693-4262 and arrangements will be made to pick-up or drop-off a replacement bin. Residents are first advised to canvass their neighbors about their bin, specifically after weather events. Residents reporting frequent loss/stolen carts (i.e. greater than once per 6-12 months) may be charged a bin replacement fee.

Damaged bins should be reported to the Town. The Town may determine, based on the damage sustained, if the bin can remain in circulation or is in need of replacement. Town representatives will assess the damage and determine if the bin is deemed defective based on manufacture fault or other.

Thank you.
